MADE TO CHALLENGE

Wire and Cable Cutting Pliers 10"

ST72503ST

At SATA, we believe that everyone has the power of change in their hands. That's why we make powerful pairs of pliers, available in sets or open stock. We have specially designed long needle-nose pliers for jewelers, small insulated pliers for electricians, heavy-duty adjustable linesman pliers for trades professionals and many more. It doesn't matter if you're cutting, gripping, crimping or stripping wire, making flush cuts or diagonal cuts; a quality pair of pliers fits comfortably in your hand, saving you strain and effort. We make precision extra-long pliers for working safely with wire, and flat or bent nose pliers for use in aviation, automotive or industrial projects. Feel the power of change for yourself with a pair of SATA pliers in your hand.

FEATURES

- Optimized blade angle for cutting copper and aluminum cable
- Professional dipped grips for easy cleaning and better control
- Anti-slip handle provides superior comfort and grip
