# 14 Pc. 3/8" Drive 6 Point Metric Socket Set

ST09523G

## FEATURES

- Ratchet with quick release design allows rapid socket removal
- 60-tooth design requires as little as 6° of swing arc to move a fastener
- Flush mounted reversing lever allows user to change direction with one hand without removing the ratchet
- Teardrop, low-profile head and flush-mounted on/off switch allow better access in tight spaces
- Sockets with single hex (6pt) fastener end design
- Socket off-corner loading design reduces fastener rounding
- Large markings offer easy size identification
- Wobble extension for better reach to more fasteners
- Heat treated for long lasting durability
- Bright, full polish chrome finish easily wipes clean and resists corrosion
