# Adjustable Wrench 10"

ST47204SC

SATA makes adjustable wrenches for the doers of the world. Our tools deliver on the promise of possibility, from each wrench set to every mini crowfoot. With a SATA spanner wrench in their hand, a professional tradesman can tackle a huge range of projects. Choose from wrenches large or small, thin or wide mouth, with lightweight stubby designs that maximize access around a car's engine and large wrenches that make quick work of heavy-duty industrial machinery. Change the world with a SATA tool in your hand, delivering the best quality for the best price.

## FEATURES

- Extra wide jaw opening for greater capacity
- Wide handle for improved comfort and better leverage
- Hex jaw design reduces slippage and tightly grips bolt
- Larger knurl provides a tighter fit, is easier to adjust and is less likely to bind up
- Built-in scale measures metric sizes for quick fastener identification
- High-visibility stamped markings provide quick size identification
- Chrome vanadium alloy steel (Cr-V) for exceptional strength and durability
