MADE TO CHALLENGE

33" Extendable Indexing Pry Bar

ST92568

SATA makes pry bars to help you achieve. We design each tool with quality, improvement and service in mind. Intended for heavy-duty use or a technician's small needs, SATA extendable and indexing pry bars are perfect for maneuvering obstructions when decking, during automotive repair or any fast-paced work environment. The adjustable, rolling heads of these multipurpose tools make accessing hard-to-reach places a breeze. Covered by a lifetime warranty, these adaptable pry bars allow you to approach a wide range of demands with confidence. Experience absolute efficiency with SATA. Meets or exceeds DIN/ASME specifications.

FEATURES

- Heads rotate 180° through 14 locking positions for better access and leverage
- Flex head tools provide access to areas fixed head tools cannot reach
- Grooved head profile grips and holds securely, even in tight confines and at the fullest extension
- Black oxide finish to resist corrosion
- Manufactured from steel for better strength and longer tool life
