20 Pc. 1/2" Drive 6 and 12 Point SAE Socket Set

ST09087SJ

SATA makes mechanic's tool sets for the best doers in the world. For men and women, tradespeople who want a full tool set with professional performance features. The uses for these master tool kits extend beyond the auto shop, with universal basic sets for the homeowner or DIY weekend warrior. Small sets are perfect for travelling, with hard storage cases and portable designs. For the true professional, we have full box sets containing a complete assortment of wrenches, sockets, pliers, screwdrivers, hex keys and more. These sets cover popular SAE and metric sizes, with the strength to get the job done and durability to not budge an inch. Miniature sets fit in your car or home, while a full universal set sets you up to do your best work on the job. Let your work do the talking, with SATA mechanic's tool sets.

FEATURES

- Ratchet with quick release design allows rapid socket removal
- Ratchet flush mounted reversing lever allows user to change direction with one hand without removing the wrench
- Sockets with single hex (6pt) fastener end design
- Sockets with double hex (12pt) fastener end design
- Socket off-corner loading design reduces fastener rounding
- Large markings offer easy size identification
- Flex handle breaker bars in 15" length for optimum leverage to break free stubborn fasteners
- Wobble Extension for better reach to more fasteners
- Bright, full polish chrome finish easily wipes clean and resists corrosion
- Comes with a durable blow mold case for storage and organization
