1/2" Drive 72T Comfort Grip Ratchet

ST13971G

FEATURES

- Ratchet with quick release design allows rapid socket removal
- 72-tooth ratchet design requires as little as 5° swing arc to turn a fastener
- Flush mounted reversing lever allows user to change direction with one hand without removing the ratchet
- Teardrop, low-profile head and flush-mounted on/off switch allow for better access in tight spaces
- Increased handle length allows for more torque and access
- Dual material handle for a more comfortable and ergonomic grip
- Bright, full polish chrome finish easily wipes clean and resists corrosion
- Chrome vanadium alloy steel (Cr-V) for exceptional strength and durability
